# LOST Landscapes of Chilham

With grants from the Heritage Lottery Fund through the Local Heritage Initiative and the Rail Link Countryside Initiative, **Lost Landscapes** is an exciting new Project from the North Downs Way National Trail to help you and other people in Chilham to discover your local heritage and what it is that makes your village so special within the landscape of the North Downs.

If you, or someone you know, has a story to tell about your area, we would love to hear from you. If you have a special interest in your local countryside or have particular knowledge of an aspect of local history, you may also be able to help us.

Over the coming months, we will organise circular walks and other informal events to help raise awareness of the Lost Landscapes Project.

We hope to involve as many people of different ages and backgrounds as possible. You will be able to have an influence on the way that this Project develops and help to celebrate your local heritage in a unique way.

Ideas to emerge from the Project could vary, for example, from carving field names on to stiles and gates to the publication of newly researched historical material or a series of 'themed events.'

Now is your chance to celebrate your local heritage and find the **Lost Landscapes of Chilham**.

For news of walks or other events in Chilham, keep an eye on village noticeboards.
